

Foreword

The Luminous Landscape

Abhika lighting apple trees are incredibly lifelike and create a mesmerizing scene. The materials used to craft them grant a stunning effect whether the tree is lit up or not. The metallic sculpture forms the tree trunk, carefully designed to resemble a real tree, and it comes with roots that cover the metallic base for stability and safety.

The tree's surface is brushed with a special resin that gives it a coarse and dark texture similar to real tree bark. The transparent flowers emit a soft and warm LED light, made of high-quality crystalline PVC that resists UV rays.

These lighting apple trees come in five different sizes, each with a unique shape and different branches, making them look even more realistic when arranged together. They add a magical atmosphere to gardens and create beautiful scenarios when placed indoors.

Apple Tree Mini

711828,OW

Height	120 cm
Diameter	110 cm
Base diameter	26 cm
LED lights	N°360
Net weight	15 kg
Gross weight	27 kg

Consumption 52W
Electrical data 200 - 240V >> 24V
CE + RoHS Shuko plug
Indoor/Outdoor use

Apple Tree Delicate

711528,OW

Height	180 cm
Diameter	160 cm
Base diameter	36 cm
LED lights	N°880
Net weight	32 kg
Gross weight	36 kg

Consumption 52W
Electrical data 200 - 240V >> 24V
CE + RoHS Shuko plug
Indoor/Outdoor use

Apple Tree Steady

711529,OW

Height	280 cm
Diameter	250 cm
Base diameter	46 cm
LED lights	N°2120
Net weight	70 kg
Gross weight	90 kg

Consumption 52W
Electrical data 200 - 240V >> 24V
CE + RoHS Shuko plug
Indoor/Outdoor use

Apple Tree Strong

711832,OW

Height	380 cm
Diameter	350 cm
Base diameter	56 cm
LED lights	N°4100
Net weight	185 kg
Gross weight	200 kg

Consumption 52W
Electrical data 200 - 240V >> 24V
CE + RoHS Shuko plug
Indoor/Outdoor use

Apple Tree Epic

711551,OW

Height	450 cm
Diameter	420 cm
Base diameter	56 cm
LED lights	N°5200
Net weight	280 kg
Gross weight	307 kg

Consumption 52W
Electrical data 200 - 240V >> 24V
CE + RoHS Shuko plug
Indoor/Outdoor use
